Giorgi Barishvili

Barishvili2001@gmail.com • https://www.linkedin.com/in/giorgi-b-125912ba/ • (+995) 568 108385

Education

Ivane Javakhishvili Tbilisi State University Tbilisi, Georgia   **Computer Science 2019 - current**

• I learned C++ fundamentals (memory management, pointers, references, etc) and C++ OOP, which is helping me a lot to learn new languages.

• I was learning Algorithms and Data Structures.

• I've successfully completed Calculus, Discrete mathematics, Linear Algebra and other CS related courses.

Experience

• Software Developer (React) – Imedi L Incurance (Sep 2023 – Feb 2024)

Self-Taught

• Geolab: Front end js/react course

• Online learning platforms: Udemy, FreeCodeCamp

Skills

Front-End Web Development

HTML, CSS, Javascript, React, Redux, Bootstrap, Sass

I've a good grasp of advanced JS concepts, HTML semantic elements and CSS3 layout systems such as grid and flexbox as well as floats. I'm a proficient in React, I've created simple, responsive web applications using ReactJs and Vanilla Javascript, which you can see in the Projects section below.

I have six month working experience on real project, with agile/scrum team.

Certificates

Agile Course
